

Kalymnos

CARACTERISTICS

- ▶ **AREA:** Kalymnos
- ▶ **Land Surface:** 16218.42 sqm

DESCRIPTION

The land plot offered for sale is situated in Greece on a beautiful island named Kalymnos, benefiting of a large frontage to Aegean Sea. The access to the plot of land is achieved via a public road built of concrete. The public road is connected to the main (provincial) road directly.

Depending on the use of the building that will be created there are some restrictions:

If the building's use is residential its maximum area would be 360 square meters with a maximum amount of floors set to 2 and building's total height can't be larger than 7,5 m.

for an industrial use or hotel, the maximum area built upon would be 60% of the total area.
