DESCRIPTION

The individual villa offered for sale is part of a newly constructed residential complex, currently under finalization, located in an extremely accessible area. The property benefits from easy connections to both Bucharest and the Henri Coand? International Airport, as well as B?neasa Shopping City.

The area is well-equipped with infrastructure, being just a few minutes away from international schools and kindergartens. The community is young and dynamic, providing a peaceful, secluded, and secure living environment.

Key features of the villa include:

- · A modern ventilation system and ground-source heat pump heating that ensures optimal comfort throughout the year.
- Energy-efficient homes designed to minimize consumption and reduce long-term costs.
- High-performance insulation with 20 cm of fiberglass, ensuring excellent thermal comfort and energy efficiency.

This property is an excellent choice for those seeking a modern, safe, and well-connected living environment.
