

Pucioasa

Land for Sale

CARACTERISTICS

- **AREA:** Pucioasa
- **Usable surface:** 80250 sqm
- **End-use:** Residential

DESCRIPTION

The building is located in Pucioasa, Dambovita 21 km from Targoviste, with access to DN71.

Located between the new Pucioasa—Fieni belt and the railway, with a generous surface, the location allows the development of a logistic or production center.

A plus is the utilities existing on the field (own gas station 6000mc/h, 3 transformers, 2 of 1600 kva and 1 of 600 kva, water, sewerage) that gives an advantage both cost and utility to the future developer.

There is a 4-band expansion project for DN 71, completed in 2027, between Tartasesti and Targoviste.
